

Driving directions to Info Tech:

From the interstate:

We are located in the Farm Bureau Building which is situated right next to I-75. There are four exits from I-75 into Gainesville. Take the first exit (exit 382), "Williston Road" (Hwy 121). From the exit ramp, turn left on Williston Road so you are heading toward Gainesville (under I-75's overpass). Make a right turn on S.W. 34th Street (Rocky Point Road) and head south. Within 1/4 mile, you will see the back side of our 5-story building. Please make a right turn into the parking lot and drive around to the front of the building which faces the interstate. Park anywhere in a visitor's spot. As you enter the building, you will be greeted by security. They will give you a name badge and direct you to our lobby.

From the airport:

Upon leaving the airport, turn right onto N.E. 39th Avenue (heading west). Follow the road approximately one mile until the next signal (N.E. Waldo Road). Turn left (heading south), and follow the road approximately 10 miles. Waldo Road will become Williston Road after you pass University Avenue. Continue on Waldo/Williston Road until you reach the signal at S.W. 34th Street. Turn left (heading south). Follow the road 1/4 mile. The Florida Farm Bureau building will be on your right.
